X. DEMAND FOR JURY TRIAL	144

1. The United States of America, the States of California, Colorado, Connecticut, Georgia, Illinois, Maryland, Michigan, North Carolina, Tennessee, Texas, and Wisconsin, and the Commonwealth of Massachusetts (“Qui Tam States”), and Doe States 1-22 by and through *qui tam* relator Tramell Kukoyi, bring this action under 31 U.S.C. §§ 3729–3732 (the “False Claims Act”) to recover all damages, penalties, and other remedies established by the False Claims Act on behalf of the United States, the Qui Tam States, Doe States 1-22, and herself and would show the following:

I. INTRODUCTION TO CASE

2. This suit concerns SSC Woodwind Lakes Health and Rehabilitation Center and all other named defendants’ violations of the Federal False Claims Act at 31 U.S.C §§ 3729 *et seq.* and the Anti-Kickback Statute at 42 U.S.C. §1320a-7(b)(1) (2) & (3).

3. Woodwind Lakes Health and Rehabilitation Center (“Woodwind Lakes”), the parent companies SavaSeniorCare L.L.C., SVCare Holdings, L.L.C., and Canyon Sudar Partners, their owners, Leonard Grunstein and Murray Forman (collectively, “Sava”), and the other named defendants, are engaged in a laundry list of schemes designed to swindle Medicare and other government programs out of millions of dollars. Woodwind Lakes and the other named facility defendants, Sava-owned “Affiliated Facilities,” have, with the knowledge and complicity of Sava, knowingly submitted and/or caused to be submitted hundreds of false and fraudulent claims to Medicare, Medicaid, and CHAMPUS/CHAMPVA for skilled nursing care services that were not medically necessary or were never provided.

4. Of the two major payors for nursing home care in the United States, Medicare reimburses nursing homes more generously for patient care than does Medicaid. Nursing home businesses like Sava have a financial incentive to maximize the number of Medicare patients and

minimize the number of Medicaid patients residing in their facilities. Accordingly, Sava structures quarterly bonus payments to its facilities' administrators and directors of nursing based on (1) each quarter's total dollar amount billed to Medicare Part A; and (2) maintenance of a high Medicare patient census in the facility. Sava's bonus structure encourages its staff to aim for profitability over patient care.

5. Medicare covers "acute care" following a hospital stay – this is skilled nursing care such as rehabilitation therapy. Conversely, Medicare does not cover custodial care such as assistance with dressing, washing, and eating. In order to maximize both staff bonuses and Sava's bottom line, Woodwind Lakes and the Affiliated Facilities routinely exhaust their patients' Medicare skilled nursing care benefits by keeping patients for the full 100 days of their benefit period even after they no longer need skilled nursing care as assessed by the nursing home's rehabilitation staff.

6. Once these patients have exhausted their one hundred Medicare days, Woodwind Lakes and the Affiliated Facilities immediately discharge them, without regard to their actual condition or whether a discharge plan is in place. At Woodwind Lakes, this is done at the behest of the facility's administrator, Angela McArthur.

7. This routine exhaustion of patients' Medicare benefits in order to maximize profit results in fraudulent billing of Medicare Part A and other government programs that provide supplemental financial benefits for skilled nursing care services, such as Medicaid. Moreover, Sava's bonus structure constitutes a fraudulent kickback scheme wherein the company incentivizes its staff to maintain a steady revenue source at the expense of Medicare and the health and well-being of Sava's elderly patients.

8. These defendants perpetrate a further fraudulent scheme with regard to the same patients who are wrongly maintained in skilled nursing care. The facilities falsify data included in federally required Minimum Data Set submissions and bill Medicare under correspondingly inflated “RUG” rates, maximizing reimbursement. Further, coupled with retaining patients in order to exhaust their Medicare benefits at inflated rates, Sava is bilking Medicare for services it simply does not provide – no rehabilitation services are offered once rehabilitation personnel have determined that such services are no longer necessary. And it does so with complete disregard for the care and safety of the patients. Sava also systematically provides and bills for medically unnecessary services.

9. Patients who are not immediately discharged following the exhaustion of their Medicare coverage often have their stays – which may be indefinite and last until death - covered entirely by state Medicaid programs. Most states reimburse for such stays via the same RUG system employed by Medicare or a similar method. Sava does not discontinue its scheme merely because patients move into 100% Medicaid coverage; it has the same incentive to inflate RUG scores to maximize reimbursement, and it continues to do so to Medicaid programs’ detriment.

II. INTRODUCTION TO PARTIES

A. INTRODUCTION TO RELATOR

10. Relator Kukoyi graduated from the University of Texas in 2007 with a Master’s degree in social work. Ms. Kukoyi became a licensed social worker in the State of Texas in 2008. She began her licensed social work career with the Texas Department of Aging and Disability Services agency, more familiarly referred to as “DADS.” DADS is the state agency responsible for the licensing and regulation of skilled nursing care and long-term care facilities in

Texas. Ms. Kukoyi worked in DADS' Regulatory Services division as a state surveyor of long-term care facilities for three years.

11. Kukoyi left state employment for the better benefits offered in the private sector. Building on her state regulatory experience, Ms. Kukoyi remained in the long-term care arena, and in January 2011, worked briefly as a social worker in a facility located in Galveston, Texas. In February of 2011, she began her employment with Woodwind Lakes as a social worker.

12. With her three years as a state surveyor under her belt, Relator Kukoyi was well-versed in the requirements necessary to provide resident care and to operate a facility in full compliance with state and federal rules, laws and regulations. It did not take Ms. Kukoyi long to realize Sava was operating Woodwind Lakes in violation of Medicare, Medicaid and other state and federal rules, laws and regulations governing skilled nursing, and long term care facilities.

B. Introduction to Government Plaintiffs

13. The governmental plaintiffs in this lawsuit are United States of America, the States of California, Colorado, Connecticut, Georgia, Illinois, Maryland, Michigan, North Carolina, Tennessee, Texas, and Wisconsin, the Commonwealth of Massachusetts, and Doe States 1-22.
